#### How women and girls may get wanted relief from functional periodic pain

Cardul is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1. It should stimulate appetite and digestion.
2. It should build up resistance for the "time" to come.
3. It should give you a "good" feeling.
4. It should give you a "good" feeling.
5. It should give you a "good" feeling.

Look into the "Cardul" bottle. If it helps, you'll try Cardul. If it helps, you'll try Cardul.

Cardul is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

### CROP INSURANCE OF VITAL IMPORT

The Time Is Short Within Which To Obtain Benefits From This Federal Plan

If it is important that you get some return from your cotton crop, you will be interested in Federal Crop Insurance.

There isn't much time left for you to make your 1945 crop a "sure crop" by protecting it against unavoidable losses that can make your best efforts and your investment in vain. The deadline for applications in the county is March 26, or when you start planting, whichever is earlier.

Probably, you know about crop insurance and, like other farmers, have realized the need for such "all-risk" protection for a long time—particularly when you saw a bumper crop destroyed or had one fail to even get started. You are familiar with the way the Commodity Loan program puts a "floor" under the price you get for your crop; so the easiest way to describe what crop insurance will do for your farm is to point out that it will put a "floor" under your production.

With prices and expenses where they are today, the assured returns offered through Crop Insurance actually mean more than a bumper crop in the days of low prices. It would seem that Bulloch county farmers have more to protect through crop insurance than most any year in the past.

You can get details and make application from us here at the county AAA office or through one of our authorized agents who may call upon you.

The new crop insurance legislation requires that applications covering at least 50 farms in the county (or one-third provision if it applies) be received before this protection can be made available in the county. We hope that your application will be among those that provide assured returns from Bulloch county's cotton crop.

You're the doctor, but if you need to be sure, better insure before March 26th.

The agents available for securing applications for crop insurance in Bulloch county are W. G. Raines, Statesboro; J. H. Wyatt, Brooklet; Statesboro Insurance Agency and Wendell H. Burke, Statesboro.

#### WATERS—THOMPSON

On Sunday, February 25, Miss Edna Blanche Waters and Cpl. E. W. Thompson, of Hunter Field, were married at the home of Judge L. S. McCormick, Ridgeland, S. C., with Judge McCormick officiating.

The bride chose for her wedding dress an afternoon model of fuchsia colored crepe with black accessories. She wore a corsage of Polyanthus rosebuds. Mrs. Thompson is the second daughter of Mr. and Mrs. Fray Waters. She was graduated from the Brooklet High School in the class of 1942. For the past two years she has been employed in Savannah.

Cpl. Thompson is the eldest son of Mrs. E. W. Thompson and the late Mr. Thompson, of Lexington, N. C. He received his education at Davis Tows High School in Lexington. He has been in the AAF since August, 1941. He was in action in the European theater of war twenty-seven months. He is now stationed at Hunter Field.

After the ceremony Cpl. Thompson and his bride left for a visit with relatives in Lexington.

#### ELEVENTH BIRTHDAY

Janelle Wells was the honoree at a lovely party given by her mother, Mrs. Roy Wells, Wednesday afternoon at her home. The party was in celebration of Janelle's eleventh birthday. Outdoor games interspersed with candies, cookies and ice cream, together with a shower of birthday gifts, made the occasion a happy one.

#### PRIMITIVE CHURCH SERVICES CALLED OFF

On account of the revival services at the Methodist church this week, the Primitive Baptist regular fourth Sunday services will be called off. The Primitive Baptist congregation will worship at the Methodist church Sunday morning and evening.

#### BIRTHDAY DINNER

Mrs. George P. Grooms and her son, Joe Grooms, were joint honorees at a lovely birthday dinner Sunday at her home. Mrs. Grooms was sixty-four years old and her son was forty. The mother and son enjoyed congratulations and greetings from a large number of friends present on the happy occasion. A lovely birthday cake was the centerpiece of the large table filled with eats.

Among those present were Mr. and Mrs. T. C. Grooms, Thomas, Arte and George Coodman, Mrs. A. R. Jackson and Miss Sadie Pay Beasley, all of Savannah; Mr. and Mrs. E. A. Tyson, Miss Ulline Tyson and Billy Tyson, of Sylvania; Mr. and Mrs. W. L. Beasley, Janelle Beasley, Mrs. Harold Las-

ner, Mr. and Mrs. Joe Conner and son, Mr. and Mrs. George Best and children, Mr. and Mrs. W. T. Shuman and daughter, Mr. and Mrs. D. W. Lee and son, Mr. and Mrs. Leon Grooms, all of the Leefield community; Mrs. Rachel Best and son, of Dover; Mr. and Mrs. A. T. Minney and children, and Tom Arnett, all of Port Wentworth; William Arnett, of Vidalia, and Mr. and Mrs. Arrie Kirkland, of Augusta.

The agents available for securing applications for crop insurance in Bulloch county are W. G. Raines, Statesboro; J. H. Wyatt, Brooklet; Statesboro Insurance Agency and Wendell H. Burke, Statesboro.

#### Registered Cattle Sale At Vidalia Wednesday

Some of the finest registered Shorthorn and Polled Shorthorn cattle ever to be sold in this section of Georgia will be put on the auction block at the McNatt sale pavilion in Vidalia on March 28th. The sale will begin promptly at 12 o'clock noon, eastern war time, and is a complete dispersal sale of the herd of P. E. Cody, of Collins.

There will be a total of thirty-eight head of the registered cattle, with Col. H. W. Long, as auctioneer, and Mr. C. W. Cammack as sales manager. Mr. Cody states that the cattle will be ready for inspection two days in advance of the sale. His cattle have been tested for tuberculosis and contagious abortion and have passed a clean test.

#### WEST SIDE 4-H CLUB

The West Side 4-H Club meeting was held at the school house on Tuesday morning. After the roll was called and other business disposed of, the meeting was turned over to our recreational leader, Jackie Nesmith, who had the club pledge and some interesting games. Miss Irma Spears gave a demonstration on the patterns of a 4-H club girl might use and how to use commercial patterns. She emphasized the fact that it is very necessary for a beginner in sewing to study her pattern carefully before she cuts a garment.

seter, Mr. and Mrs. Willis Williams, Ronnie Williams, Mr. and Mrs. Joe Grooms, Arte Grooms and Mr. and Mrs. Jesse Grooms, of Brooklet; Mr. and Mrs. J. E. Grooms, of Stillson; Miss Emma Slater, Mrs. A. I. Watts, Mrs. Ella Haters and Alvis Tyson, of Brooklet.

#### BROOKLET GIRLS BACK FROM STATE TOURNEY

The Brooklet basketball girls, accompanied by Supt. E. C. Mitcham and Mrs. Joe Ingram, returned from Macon Friday afternoon after having defeated Deatur Wednesday night and after being defeated by Colquitt Thursday afternoon. They were happy to report that out of twelve all-state basketball players chosen, Maxann Waters and Betty Upchurch, of Brooklet, were selected as two of the team. The girls did honor to themselves and to their school during the entire basketball season, which was climaxed when they won the district honors.

Atlanta, March 19.—Eric A. Johnston, president of the United States Chamber of Commerce, has been appointed chairman of the American Cancer Society's newly-created executive council, Mrs. Murdock Eguen, state commander of the field army, announced here today.

In his first message to the field army, Mr. Johnston said, "I have every confidence that the American people will do all in their power to conquer cancer. Medical men believe that the cancer death rate (now 165,000 per year) can be cut one-third to one-half through widespread public education to use the medical knowledge and facilities we now have. With adequate funds for research, cancer might be made a minor cause of death."

National leaders have pledged themselves to assist in expanding the society's great humanitarian work by serving on its new executive council.

"We in Georgia take on new hope and courage to intensify and redouble our efforts to reduce the deaths from cancer in the state," Mrs. Eguen said. "Mr. Johnston and his associates of the American Cancer Society's council can do much toward gaining our objective."

## ANTS IN OUR PANTS AGAIN

Throughout the long and dreary months As we have hugged the blazing fire While coal piles shrink and coal bills grow— In our cold heart was one desire: That cheerful spring would drive away The ills of life which cramped our way.

If only gentle spring would break, And wipe from life each great heart-ache— Would thaw in frozen life each spot In which the thrills of life came not! But as we yearned this we forgot: When warm days come and heat our pants There also come great swarms of ants! What perfect bliss when we forget The torments which our life beset!

We rise up soon to celebrate, And give glad thanks to kindly fate; At breakfast call when we are able We thrust glad legs beneath the table— Two golden eggs, a cup, perchance— And what is this but swarming ants!

They scurry here and scramble there, Each one quite eager for his share; So we grab brush and start to frail, But battle waged does not avail; For each ant crushed, still others come.

We ask ourselves, "Is this my home?" "Is this the place which seemed so dear?" "When no vile ants are stirring near?"

The battle's over, in the quietude We wonder if we understand That cold, bleak days when feet were froze And pea-soup dripped from every nose.

When frail men shivered in their pants— Were sent as respite from these ants? So we sit and eat our eggs While ants swarm up and down our legs.

Our mind turns back to happy days When roaring fires made bright our ways; We yearn again for gladness chance To get these ants outside our pants!

## Most versatile vehicle of the war helps in Philippines invasion

## Studebaker Weasel

THIS new "Champion" in invasion warfare is the amazing Studebaker Weasel—powered by the same brilliant 6-cylinder engine that gives such outstanding operating economy to the Studebaker Champion motor car.

Swiftly, stealthily, the Weasel moves forward over sand, snow, mud, swamp or solid ground. When necessary, it takes to deep water like a boat.

Designed by Studebaker engineers, the Weasel is coming off the Studebaker production lines in increasing quantities. It supplements more than 55,000 Cyclone engines that Studebaker has already built for the Flying Fortress, more than 165,000 heavy-duty Studebaker military trucks.

## For That 'Tired' Feeling

Here's vital news that may make a big difference in your life

ARE you one of those people who are not sick, yet are not feeling your best? Are you frequently tired and do not seem to have the energy you need? Are you inclined to feel irritable, appetite poor? If the reason is that you are getting enough iron and Vitamins B<sub>1</sub> and G, here's important news.

One of the foremost laboratories of the country has developed a tonic called Pursin for people in such condition. An effective preparation which works two basic ways to help you build up strength and energy.

First, Pursin is rich in iron. And it is important to get sufficient iron. Pursin contains previous Vi-

amines B<sub>1</sub> and G. These vitamins help stimulate appetite and digestion—promote better assimilation. That's why you eat more and get more good from the foods you eat.

If you are feeling below par because your system may lack sufficient iron or Vitamins B<sub>1</sub> and G, do this. Go to your drug store today and ask for Pursin. Take it regularly and see if it doesn't help you feel joyfully alert again.

Get a prompt response consult your physician. A. McCleskey Product.

## .. Nobody's Business ..

(By GEE McGEE, Anderson, S. C.)

### A BIG EVENT IS IN THE OFFING

A big show will be held on the school grounds in flat rock during the month of May 1945. Every body who has horses that they want to install in this show will please take notice that the following rules must be obeyed and stuck to:

1—no horse over 15 years old will be admitted regardless of pedigree or previous record of service.  
 2—each horse owner must bring his own feed, both for himself and the other horses. (owner cost of the o.p.a. no food will be served on the grounds).  
 3—colts and other young horses will be on special display, but the owners must wear good halters so's they won't break loose and run over anybody.

4—blue ribbons will be given for the nicest horses, red ribbons for the next nicest and a bushel of oats to the third winner.  
 5—meals will be held on the base hall diamond and prizes will be given, all bets to pass thru the committee who gets a rake-off to buy the said prizes with.

6—the ladies aid will sell soft drinks and other confections for the benny-fit of the graveyard. The policeman will be on duty to see that no skin-games goes on betwixt the jockeys and horse owners. come one, come all, and enjoy yourselves. watch the papers for the date of same.

### IN THE BEGINNING

Years and years ago, when most of you were little boys and girls, not counting the folks who had not arrived, I went away to take a job as telegraph operator. I had never been very far beyond out of sight of home before.

I remember that I borrowed \$10 from Pa. I put \$7.98 of that in a fine suit of clothes that turned me blue from fading. . . and I had shoes and hat to match, and they cost the balance of my borrowed capital. I had \$2.50 of my own that I had saved up over a period of years. This reserve carried me along for 30 days.

After becoming located, I learned how to sort of doll up. I bought myself a tooth-brush (my first one) and a bar of cheap sweet-smelling soap.

I used that to brush my teeth with, also to bathe when I needed to do such a thing. I bought a necktie; it covered half of my chest.

My striped sock looked like a stick of peppermint candy. I took up wearing underclothes after the first payday. I started to using hair oil the next week. I soon learned how to handle a knife and fork. . . but never got so's I could swap the fork back to the left hand. I did away with drinking coffee from the saucer. I shaved every two or three days—but never hand any whiskers to start with. I grew in modernity gradually, and was considered fully civilized after 3 years on the job. It was wonderful to be 20, a grown man. (More later.)

### LABOR TROUBLE IN FLAT ROCK

The town of flat rock is tore all to pieces this week. Dr. hubbert green's clerks are out on a strike and are standing pat. both of them have sworn that they will never return to work until he meets their demands in toto. they are picketing the drug store. one clerk pickets from 12 noon to 12 midnight and the other clerk takes over when he leaves.

Both of the clerks wear black-cards with the following printed on same on their backs: "dr. green is unfair to labor: down with the capitol and all side drug stores." their demands are as follows:

1—time and a half, plus double time, for all over-time, such as sundays, saturdays, legal holidays, week days, and julle the 4th.

2—double-time from portal to portal with 2 weeks off twice a year for vacations and fishing with full pay in advance.

3—a royalty of 10c on all prescriptions filled on week-days and 20c for refills on saturday and sunday, also free soft drinks and ice cream combos.

4—a increase of 75 per centum on their present salary, the same to be retroactive back to last fall at 4 o'clock.

5—all wedges and advances to be paid in cold cash instad of by check as in the past. (and you know why, so they say).

6—further, the drug store must not handle water-melons in season, ham-

### A REPORT ON RECERTIFICATION

miss jennie veeve smith, our efficient school principle, has received her report on the re-certification examination which was held enduring december to see whether or not she would be allowed to teach on her present basis ansoforth, or quit. (she made 425 minus.)

miss jennie veeve says she ancered nearly all of the questions except except the following, to-wit, vizly:

1—do a honey-bee make honey-comb (1) from the flower juices; (2) from stuff he gets off of his leg; (3) from something he chews up like chewing gum?

2—does a mud-turtle (1) live in mud enduring the winter months; (2) in a hole on the bank of a stream; (3) what do he eat while in hibernation?

3—which of the terms is meant in connection with the expression: "as the crow flies? (1) how fast he flies; (2) how slow he flies; (3) how straight he flies; (4) how fur he flies;

4—what is a whilam? (1) a insect; (2) a agger of speech; (3) vermin in food; (4) a plant in the sky; (5) a doodle-bug's cuzzin.

5—is the north pole (1) in the united states; (2) georgia; (3) south america; (4) cuby; (5) africa; (6) brazil; (7) china; (8) new york; (no help please) (9) nova scotia, or (10) montana, where wheeler is from?

THERE WILL LIKELY BE A FOOD PRODUCTION THIS SPRING

Look for more Victory Gardens. Also an increase in other food crops. With the probability that John L. Lewis will have 3,500,000 men on strike for a month or so, probably during April and May, these strikers will no doubt turn to the production of "things to eat." They will have more time to write their sons who are in fox-holes—during the strike.

Detroit will most likely have between 50,000 and 250,000 on strike within the next month, and they should likewise take up gardening and truck farming. Persons who have been building B-20's ought to produce nice, large cabbages. Our boys who have been bombing Germany and Tokyo can join the infantry and fight with sticks and stones until work is resumed in the factories.

The California strikers will no doubt turn in berry-picking and planting "Striking Beauty" roses. They thrive out there. The striking demands might be to poultry, or useful items. The Central West will have no less than 1,000,000 on strike all of the time during the spring months. That'll be fine for early potatoes and gooseberries.

Congress should take immediate steps to furnish the strikers with garden seeds and garden tools. The NLRB could distribute these essentials: they know ahead of time where strikers will strike. The WFB might be called on to furnish the tools. The FEPC will see that all races are treated alike in this food producing effort. There'll be no discrimination while our boys are idle on all fronts awaiting the arrival of stuff to light with. Petrillo's bunch will grow daisies and two-lips, as well as mourning glories.

### Red Cross Drive Among The Negroes

The Red Cross campaign got under way with the negro population of the county March 12 when a committee met at the Statesboro High & Industrial School and perfected the following organization:

Business section of the city, R. R. Butler, chairman; Ministerial Alliance, Rev. A. J. Martin, chairman; churches, J. P. Bryant, chairman; clubs: Men's, J. P. Greene and R. R. Butler, chairman and co-chairman, respectively; women's, J. P. Bryant and A. Smith, chairman and co-chairman, respectively; Statesboro H. & I. School, J. P. Greene; schools of the county, V. V. Waters.

This committee and selected persons from the communities will be responsible also for the various zones in the city.

At this meeting the committee was benefited by an interesting discussion on the history of the American Red Cross to its present status by Miss Livingston, representative of the American Red Cross. She was presented by A. R. Lanier, county chairman, who gave timely remarks relative to the service rendered by this great organization to those in the armed service.

Yes Sir, IT'S PERFECTLY NATURAL Preference for Chilean Nitrate is Just as Natural as the Product Itself

Doubly Lucky... Pop brings home a soldier son on furlough, and natural nitrate to side dress the crops.

Good farmers—for over a hundred years—have hauled natural nitrate for their crops. Since 1830, when the first nitrate cargo arrived from Chile, millions of tons have been used on American farms. . . 3,300,000 tons since the outbreak of the war. This year's supply of Chilean Nitrate depends largely on ships available to bring it in. If everyone takes his share promptly when offered, at least 850,000 tons can be supplied for this year's crops.

While some nitrate normally goes into mixed fertilizer, most of it is applied direct to the crop—top dressing for grains and grasses, side dressing for corn and cotton. Direct application to fruit and vegetable crops is vital to yield and quality.

Good farmers the world over have learned by experience to prefer Natural Chilean Nitrate of Soda. In experiments, test-plots and in the field, it has demonstrated its worth. It is the safe, sure nitrate for your crops.

Easy to Handle . . . Easy to Use Natural Chilean Nitrate comes in two forms—Champion brand and Old Style. You choose you in fine mechanical condition, in one-weight bags, for easy storage and handling.

PETITION FOR GUARDIANSHIP GEORGIA—Bulloch County. Mrs. Ruby Dell Boswell and Sidney Boswell having applied for guardianship of the person and property of Kenneth Boyd Boswell, a minor child of Boyd T. Boswell, deceased, notice is hereby given that said application will be heard at my office on the first Monday in April, 1945.
